Parking Lot Lighting

Many people know All Ways Electric Corp. as the best and most experienced electricians on Long Island and in New York City, but did not know we also maintain parking lot lighting including:

- HID fixture repair
- Conversion of existing HID fixture to LED
- Installation of new LED fixtures
- Troubleshooting and repair

Our hourly rate remains the same for all our jobs, and we do not charge additional for the bucket trucks, which can work heights of up to 50ft.

Our office hours are 6:30am to 5:00pm, Monday through Friday, 7:00am to 4:00pm on Saturdays, and we provide "after-hour" job scheduling until 8:00pm seven days a week.

We look forward to becoming your "go to" company for parking lot lighting.

Thank you!

-The staff at All Ways Electric
